Solar Street Light -3 LED Standalone System

- Solar Panel : 17.5V, 37Wp., High efficiency SPV module.
 Battery : 12V, 40Ah SBE.
 Luminary (Light) : Outdoor type, 12V, Single Card, 7W CFL 0.66m, Disk to down, equal to 9W CFL Bugged, water proof, PVC casing.
 Protection : Deep discharge / Over charging.
 Pole : MS pipe of 1.70, 2.5 inch dia, medium class, Battery box and SPV mounting structure. Wire and hardware

Solar Street Light -11W CFL Standalone System

- Solar Panel : 17.5V, 37Wp., High efficiency SPV module.
 Battery : 12V, 40Ah, Lead acid.
 Luminary (Light) : Outdoor type, 12V, Single Card, 11W CFL 1.25A, Disk to down, Bugged, water proof, PVC casing.
 Protection : Deep discharge / Over charging.
 Pole : MS pipe of 2.00, 2.5 inch dia, medium class, Battery box and SPV mounting structure. Wire and hardware.

Solar Garden Light : CFL & LED Type.

- * 12V Systems.
- * Battery protections, Disk to Down,
- * Outdoor purpose
- * Artistic looking
- * Low cost.
- * Standalone Lighting system

Solar Hot Water System : Domestic & Industrial applications.

High insulated Solar Hot Water
 65-80° C almost round the year.
 Payback within 2 years. Long Life. Latest Technology.
 House, Hotels/Resort, Hostels & Boiler pre-heating
 industries applications.

Solar Fridge - 50, 165, 225 Lt. 12 / 24V DC.

- Features :
- * Refrigerators run on a single 0W module in most climates!
 - * 12 or 24VDC with low voltage disconnect for battery protection
 - * Environmentally friendly CFC-free refrigerant (R-134a)
 - * Bugged scratch resistant galvanized steel exterior
 - * Easy to clean aluminum interior
 - * Automatic control with adjustable Thermostat

Solar Power Pack (Plant)

Rating starts from 300VA to 25kVA

System consists of :

- * Solar PV Module (Panels)
 - * Battery Bank
 - * DC to AC Inverter
 - * Controller Unit
 - * Solar & Battery mounting stand.
 - * Wires & other hardware etc.
- Suitable for power stored areas for pollution free long lasting
 Sun powered energy.*
